of Business and Economics

Center for Family Business

Membership Application

THE CENTER FOR FAMILY BUSINESS is a membership program that assists family-owned businesses as they navigate through the unique challenges families face working together, while maintaining a healthy and happy family relationship. It provides an opportunity for networking with, and learning from, other family businesses.

The program focuses on developing leadership, transferring ownership to the next generation, developing good communication skills, navigating through the business challenges and resolving conflict. The University, our sponsors and the members all recognize family businesses as a vital part of the economy and help to guarantee their success, prosperity and growth from generation to generation.
