New Hampshire Physician Leadership Development Program

New Hampshire
MEDICAL SOCIETY
ADVOCATING FOR PHYSICIANS & PUBLIC HEALTH SINCE 1791

Program Description

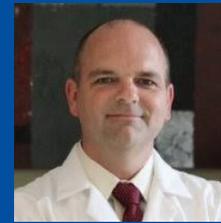

The New Hampshire Medical Society and the New Hampshire Hospital Association have collaborated with nationally recognized thought-leaders from the University of New Hampshire's Peter T. Paul College of Business and Economics, and College of Health and Human Services, along with other leadership experts to develop the New Hampshire Physician Leadership Development Program.

The goal of the program is to cultivate effective physician leadership across the Granite State from the bedside to the boardroom by teaching management, communication, and leadership skills, fostering effective communication between the medical staff and administration, and empowering physicians to foster change among their colleagues.

The New Hampshire Physician Leadership Development Program is designed to:

- Build on physician learning styles by providing longitudinal learning experiences and best practices through case-based curriculum.
- Encompass learning modules highly relevant to physician life experiences.
- Accommodate physicians' busy lives by scheduling 20 four-hour monthly modules over 2 years.
- Feature practical insights and skills directly applicable to their practice opportunities and challenges.
- Focus on practical application of physician leadership and management concepts.
- Strengthen physician leadership skills across disciplines and practice settings.
- Offer modularized, physician-oriented educational experience and dynamic, interactive format.

Program Director:

Neil Meehan, DO, FACEP, is the chief physician executive for Exeter Health Resources and its affiliated companies – Exeter Hospital, Core Physicians and Rockingham Visiting Nurse Association & Hospice. Dr. Meehan received

his medical degree from Michigan State University, and completed a residency in emergency medicine at the University of Massachusetts Medical Center. He also has a master's degree in health care management from Harvard University's School of Public Health, and obtained additional training in clinical biomedical informatics from Oregon Health Sciences University. Dr. Meehan is board certified in emergency medicine, and was previously the chief medical officer at Lawrence General Hospital in Lawrence, Massachusetts.

Dr. Meehan has led the design and delivery of successful physician leadership development programs at both Lawrence General and Exeter Hospitals and brings a wealth of experience and expertise in how to develop outstanding physician leaders.

University of
New Hampshire

Cultivating effective physician leadership from bedside to the boardroom

Who Should Attend

The program is targeted to practicing physicians who have taken on increasing levels of responsibility in their careers and aspire to be outstanding leaders. The program begins in September 2018 and ends June 2020.

Ideal candidates will possess:

- A desire to help shape the future of healthcare
- A willingness to learn and grow as physician leaders
- A drive to influence the practice of medicine in their practice or system

Benefits of Participating in the Program

Upon completion of the Physician Leadership Development Program, participants will have the skills and expertise to:

- Apply new skills and advice from instructors and colleagues for a specific project from their practice.
- Put into relevant context the importance of physician leadership in the emerging health care delivery.
- Develop the tools needed to become effective health system leaders and make a difference.

The Maine Medical Education Trust designates this live activity for up to 80 AMA PRA Category 1 Credits™ per year session. Physicians should only claim credit commensurate with the extent of their participation in the activity, and a University of New Hampshire graduate certificate.

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the Maine Medical Education Trust, New Hampshire Medical Society, New Hampshire Hospital Association and Peter T. Paul College of Business and Economics, University of New Hampshire.

The Maine Medical Education Trust is accredited by the Maine Medical Association Committee on Continuing Medical Education and Accreditation to provide continuing medical education for physicians.
