Career Tip of the Week

Preparing for a Career fair is important. Here are a few quick tips.
1. Register for the fair!!
2. Print at least 15 copies of your resume
3. Create a power list- research 5 companies you would like to meet at the fair- go onto Wildcat Careers to see what positions they have posted.
4. Have your pitch ready- how will you greet the employer? It is important to have a short statement saying who you are, your major and what position you are interested in speaking with them about.

What NOT to do:
1. Ask them….so what positions are you hiring for? You need to look this up before the fair!
2. Be on your phone- keep your phone in your pocket!
3. Chew gum, not dress appropriately- business professional attire is required.
