Thanks to everyone who was able to attend the Fall Major/Options fair on October 22nd. The event was a big success and we hope you were able to gain valuable information as you prepare to declare your major/option in Paul College. If you were unable to attend the event, we have information on each major/option in the Undergraduate Programs and Advising office located in PAUL 101 or on our website.

Spring 2014 Registration Advising

Registration advising for all Sophomores in Paul College will begin on Thursday, November 14th. Watch for an email the week of November 4th with instructions on how to make your registration advising appointment to get your RAC #.

The time and room schedule is available online at http://courses.unh.edu/.

In order to receive your RAC #, you must schedule an appointment with an advisor during the allotted Sophomore time block. If you fail to schedule (or miss) your appointment you forfeit your priority for registering for classes. You will NOT be able to reschedule your appointment.

If you are thinking about studying abroad and would like to speak with an advisor there will be two days in November for study abroad appointments: November 1st and November 14th. Please call our office to schedule an appointment (603) 862-3885.

Prepare for your Registration Advising Appointment

- Set up an appointment via Time Cat (look for a link in your email).
- Complete the following paperwork BEFORE your appointment:
  - Paul College Registration form (for your major) (https://paulcollege.unh.edu/academics/undergraduate-programs/undergraduate-advising/course-registration)
  - UNH Undergraduate Registration worksheet (http://www.unh.edu/registrar/forms/undgregform.pdf) *2 copies
  - Review your degree evaluation on Blackboard. Review your Discovery/Major/Intensive requirements.
  - **If you do not schedule an appointment (or you miss your appointment) you will need to come to Walk-In Day on Tuesday, December 3rd.**

GET READY FOR FINAL EXAMS

Final exams are right around the corner and it’s important to start preparing now!

- Write down when all of your finals are scheduled: Final Exam Schedule
- Don’t procrastinate - look ahead and begin studying for your first (or hardest) exam today.
- Form study groups - help each other identify correct answers from past quizzes/tests, create practice questions, and review course material.
- Keep perspective - don’t stress out and try to relax. Take breaks, go for a run, or study a different subject if you get stuck.
