The Dual Major in EcoGastronomy is a collaboration of the College of Life Sciences & Agriculture and the Peter T. Paul College of Business & Economics in partnership with the Sustainability Institute.
EcoGastronomy
Dual Major at UNH

The program targets undergraduate students who care about the future of food with the overarching principle being sustainable food systems.

The dual major in EcoGastronomy is a program designed to build upon three distinct educational outlets:

- **Experiential:** Real world experiences on farms, in kitchens, in labs, and in the community.
- **Interdisciplinary:** Crosscutting curriculum including studies in sustainable agriculture, hospitality management, and nutrition.
- **International:** International experience in Ascoli Piceno, Italy (Fall or Summer) or Dijon, France (Spring).

To declare a dual major in EcoGastronomy, students must:
- Have a cumulative grade point average of 2.5
- Have declared, or be prepared to declare, a disciplinary major
- Complete the Introduction to EcoGastronomy course with a grade of C or better

Core required courses:

- ECOG 401 Discovery (ETS)
  - Introduction to EcoGastronomy, offered Spring semester
- PBIO 405 or SAFS 405 Discovery (ETS)
  - Sustainable and Organic Food Production, offered Fall semester
- HMGT 403
  - Food and Beverage Management (Small Quantity Cooking) offered Spring and Fall
- NUTR 400 Discovery (BS, DLAB)
  - Nutrition Health & Well Being, offered Spring and Fall
- ECOG 701
  - Senior ECOG Capstone. Full year 4 credit course
  - Elective
- Select one from list in consultation with Daniel Winans, Director

As part of the program students will also:

- **Study Abroad**, students will study in Ascoli Piceno, Italy (Fall or Summer) or Dijon, France (Spring). Discovery (WC)

Portfolio - students will be required to submit a portfolio annually to the director and a cumulative portfolio to the instructor of their capstone course for final assessment.
